A few words from **Rachel Dockstader**, current supporter & former BIG!

"During my university years, I had the privilege of being a Big Sister with Big Brothers Big Sisters of PEI. Coming from a large family of nine—one older sister and five brothers—I always dreamed of having a little sister. When I was paired with Hailey, my Little Sister, I was beyond excited! One of my favorite memories is getting ready together before going out for activities or events. I never had a little sister to share those moments with growing up, so laughing and hanging out while getting ready for a fun day was something I truly cherished. It was a special time, and I never would have experienced it without BBBS.

Big Brothers Big Sisters is an incredible organization dedicated to helping Island children, but the experience goes so much further than that. Being a Big Sister was one of the most rewarding experiences of my life. It not only allowed me to make a lasting difference in a young person's life, but it also helped me grow personally and develop a deep love for building community connections—something that plays a huge role in what I do at KidHub School-Age Programs today.

Now, both Hailey and I have families of our own, and I couldn't be prouder of the strong, inspiring young woman and dedicated mother she has become. Watching her grow and thrive is such a rewarding experience.

Congratulations to Big Brothers Big Sisters on 50 years of creating life-changing relationships and making a difference in the lives of so many children. I'm proud to continue supporting their mission through my business, and we look forward to participating in Bowl for Kids' Sake every year!
